

# Kendalls Road - Mott Street Reserve, Avoca

## Kerbing, Underground Drainage and Shoulder Sealing

Issue 1 – November 2021

Bundaberg Regional Council will be installing kerb, underground drainage and shoulder sealing along Kendall's Road, Avoca as highlighted in yellow on the map above.

Work is planned to commence mid to late November 2021 and will be undertaken weekdays, during the hours of 6:30am and 5:00pm. Weather permitting, work will be completed within five weeks.

During construction, sections of the roads will be closed and subject to traffic management measures and will have appropriate signage to guide motorists through or around the site.

The Site Supervisor will liaise with directly affected residents to facilitate property access during construction.

The Site Supervisor will also discuss where to place your wheelie bin prior to the day of collection where construction works conflict with your refuse collection.

Bundaberg Regional Council is aware of the inconvenience construction work causes and thanks

residents and road users in advance for their patience and co-operation.

If you have concerns in relation to the upgrade works, please contact Council's District Engineer, Tim Hurn, on 1300 883 699 or email the Civil Works Team at:

[civilworks@bundaberg.qld.gov.au](mailto:civilworks@bundaberg.qld.gov.au)

During construction, please direct any site enquiries to the Site Supervisors as per the contact information.
