

Station Road, Horton

Upgrade to Existing Stormwater Crossing

Issue 1 – February 2023

Bundaberg Regional Council will be undertaking drainage works on Station Road at the intersection of Cousins Road, Horton. The location is highlighted by the yellow star on the map above. Work is planned to commence mid-March 2023.

Station Road will be partially closed to single lane traffic during construction. The work site will be signed accordingly, with traffic management measures in place to guide motorists.

Weather permitting, all works will be completed within four weeks. Works will be undertaken on weekdays, during the hours of 6.00 am to 6.00 pm.

The Site Supervisor will liaise with directly affected properties to facilitate property access during the construction work. The Site Supervisor will also discuss where to place your wheelie bin prior to the day of collection where works conflict with your refuse collection.

Bundaberg Regional Council is aware of the inconvenience construction work causes and thanks road users in advance for their patience and co-operation.

If you have concerns in relation to the construction work, please contact Council's District Engineer, Tony Wright on 1300 883 699 or email the Civil Works team at: civilworks@bundaberg.qld.gov.au

During the construction work, please direct any site enquiries to the Site Supervisor as per the contact information listed below.
