

Co-ordinated wild dog 1080 baiting program

Bundaberg Regional Council undertakes four co-ordinated wild dog baiting programs across the year to target key times in the life cycle of wild dogs.

Landholders requiring baits outside of these dates can contact Queensland Health at health.qld.gov.au to seek approval to purchase bait from commercial suppliers.

Program registration

To participate in this baiting program, you must register by calling Council on **1300 883 699** or email parksadministration@bundaberg.qld.gov.au. For further information about this program please ask to speak with a Land Protection Officer.
