

Asphalt Resurfacing Program 2025-2026

Issue 1 – December 2025

Bundaberg Regional Council has appointed Boral Resources (QLD) Pty Ltd as Principal Contractor to undertake Asphalt resurfacing works on various sites throughout the Bundaberg Regional Council area as listed overleaf.

As part of these works, construction activities will be carried out on sections of roads listed below during **January 2026 – May 2026**, weather permitting.

Due to the diverse nature of the sites, it is envisaged that the works will be carried out with a combination of either day shifts or night shifts for high traffic volume sites.

For day shift sites, activities are expected to be carried out between the hours of 6.30am and 6.00pm, Monday to Sunday.

For night shift sites, activities are expected to be carried out between the hours of 6:00 pm and 5:00 am Sunday to Saturday.

Affected residents will be notified of works prior to activities commencing via a letterbox drop.

Works will be undertaken using Traffic Control and some Road Closures, allowing access to Local Traffic Only. Access to private properties adjoining the work areas will be maintained during the construction period. Residents can expect changes to traffic conditions during this time and delays may be experienced.

Boral Resources (QLD) will provide suitable arrangements to maintain waste collection services where these are provided, during the construction period.

Bundaberg Regional Council is aware of the inconvenience this work causes and thanks businesses, residents, and road users in advance for their patience and co-operation.

If you have any concerns in relation to the works, please contact Council's Project Manager, Mr Thomas Corr on the number listed below.

If your query relates to residential access and site works, please contact Boral Resources (QLD) Project Coordinator, Scott Tucker direct on the number listed below.
