Category B (1) - RTI Act 47(3)(b)

82 Churchill Street
CHILDERS QLD 4660

Dear Sir/Madam

Food Safety Inspection of Childers Hot Bread & Cake Shop, located at 82 Churchill Street
CHILDERS QLD 4660

An inspection of your food business was conducted by Council's Team Leader Environmental Health Megan Staunton on 02/02/2026. The purpose of the inspection was to monitor compliance with the Food Act 2006, the Food Safety Standards, and conditions of your food licence.

Bundaberg Regional Council's Environmental Health team would like to acknowledge your continued efforts to maintain your food business in accordance with the *Food Act 2006*, Food Safety Standards, and conditions of your food licence.

At the time of inspection, the following items were noted. Please ensure these items are completed by the listed due dates:

Requisition	Due Date
1. Ensure that all potentially hazardous food is stored under temperature control. This means maintaining food at a temperature of 5°C or below or 60°C or above. Standard 3.2.2 CL 6 (2). At the time of the inspection pies in the pie fridge were at 8 – 9°C.	Immediately and at all times
2. Take all practicable measures to process only safe and suitable food. Standard 3.2.2 CL 7 (1)(a). At the time of the inspection, five bottles of expired skim milk were in the storage fridge.	Immediately and at all times
3. Cease obstructing the hand-washing facilities. Standard 3.2.2. CL 17 (1) At the time of the inspection, a cutting board was obstructing the hand-washing facilities.	Immediately and at all times
4. Whilst generally the food premises was found to be in a clean condition, at the time of assessment particular attention to cleaning was required in the following areas: (a) Underside of the bench (b) Fan in the servery area (c) Plumbing underneath washing up bench (dust accumulation) Standard 3.2.2. CL 19 (1) & (2)	16 February 2026

5. Replace and re-grout all missing, cracked and otherwise defective tiles to servery area. Standard 3.2.2. CL 21 (1).	09 March 2026
--	---------------

At the time of inspection, no major issues were noted. You have achieved a Think Food Safe discount of 20% off your next food licence renewal.

To achieve a 30% discount at your next inspection at your next inspection, you will need to improve your food hygiene standards, continue to keep up-to-date records of:

- Temperature control (storage, display, transport)
- Food receipt (temperature & food condition)
- Thermometer calibration (monthly or more often)
- Cleaning program & schedule

To discuss information in this letter, or to find out more about Council's Think Food Safe program, please contact Team Leader Environmental Health Megan Staunton on 1300 883 699.

Category B (1) - RTI Act 47(3)(b)

89 Churchill Street
CHILDERS QLD 4660

Dear Sir/Madam

Food Act 2006 - Food Safety Inspection of Childers Hot Bread and Sandwich Bar,
located at 89 Churchill Street CHILDERS QLD 4660

An inspection of your food business was conducted by Council's Team Leader Environmental Health Megan Staunton on 05/02/2026. The purpose of the inspection is to monitor compliance with the Food Act 2006, the *Food Safety Standards*, and conditions of your food licence.

The following food safety and compliance items require your attention by the due dates.

It would be appreciated if you could contact Megan Staunton when these items have been completed or to discuss how you can best achieve compliance.

Requisition	Due Date
1. Ensure that all persons undertaking or supervising food handling operations within the food business have: skills in food safety and food hygiene matters; and knowledge of food safety and hygiene matters commensurate with their work activities. Food Safety Standard 3.2.2. CL 3 (1). Council provides a free, online Food Handler Training course "I'm Alert" which can be accessed through the Council website. NOTE: "Skills" means your staff and their supervisors must be able to do their work in ways that ensure your business produces safe food. "Knowledge" means your staff and their supervisors must know about issues associated with food safety and safe food handling practices that are relevant to your business and the jobs they perform.	16 February 2026

2. Ensure that all potentially hazardous food is stored under temperature control. This means maintaining food at a temperature of 5°C or below or 60°C or above. Standard 3.2.2 CL 6 (2). At the time of the inspection, pies and sausage rolls were left on the bench at 20°C. Staff interviews indicated that the product was left on the bench prior to 6:00am; and the inspection occurred at approximately 10:00am. To ensure the safety of the food you are selling, immediately implement the 2/4-hour rule and maintain a record to demonstrate the safety and suitability of potentially hazardous food that is not stored under temperature control. The record must be available to an authorised person on request. Standard 3.2.2 CL 6.	Immediately and at all times
3. Repair the fraying blinds at the back window. Such surfaces must be able to be easily and effectively cleaned; sealed to prevent the entry of dirt, dust and pests; and not pose a contamination risk to food. Standard 3.2.2. CL 21 (1).	09 March 2026
4. Repair the heat damage to the paint on the wall behind the oven to provide a smooth impervious surface. Standard 3.2.2. CL 21 (1) A heat proof surface or ventilation system may need to be installed behind the oven to prevent further damage.	09 August 2026

Please note that requests for extension of due dates must be submitted in writing and will be assessed on the level of risk to food safety and consumers.

An authorised person may return at any time to check compliance with the above items. Failure to comply may result in an Improvement Notice or a Penalty Infringement Notice (fine).

If you require any further information, please contact Team Leader Environmental Health Megan Staunton on 1300 883 699.

Good morning,

Please find attached Improvement Notice following the inspection of Childers Hot Bread and Sandwich Bar conducted on 15/04/2026.

I have also attached a 2hr/4hr rule template, which will assist you in complying with requisition #2.

Kind regards,

Megan

Category B (1) - RTI Act 47(3)(b)

89 Churchill Street
CHILDERS QLD 4660

Improvement Notice Section 209, Food Act 2006

Take notice that Council's Environmental Health Officer Megan Staunton, an authorised person under the *Food Act 2006*, reasonably believes that you, being the proprietor of the food business known as Childers Hot Bread and Sandwich Bar, located at 89 Churchill Street CHILDERS QLD 4660, have contravened provisions of the *Food Act 2006*.

You have contravened Section 39(1) of the *Food Act 2006* which states – *A person must comply with a requirement imposed on the person by a provision of the food standards code in relation to the conduct of a food business or to food intended for sale or food for sale.*

An inspection of your food business on 15/04/2026 indicated that you have failed to ensure the food business is maintained in compliance with the following provision/s of Chapter 3 of the *Food Standards Code*:

- *Food Safety Standard 3.2.2 Food Safety Practices and General Requirements (these standards set out specific requirements for food businesses and food handlers that, if complied with, will reduce the potential risk of food becoming unsafe or unsuitable);*
and
- *Food Safety Standard 3.2.3 Food Premises and Equipment (these standards set out minimum requirements for food premises and equipment).*

Works required to comply with the above contravention

Requisition	Due Date
1. Ensure that all persons undertaking or supervising food handling operations within the food business have: skills in food safety and food hygiene matters; and knowledge of food safety and hygiene matters commensurate with their work activities. Food Safety Standard 3.2.2. CL 3 (1). Council provides a free, online Food Handler Training course "I'M ALERT" which can be accessed through the Council website.	28 April 2026
NOTE: "Skills" means your staff and their supervisors must be able	

to do their work in ways that ensure your business produces safe food. “Knowledge” means your staff and their supervisors must know about issues associated with food safety and safe food handling practices that are relevant to your business and the jobs they perform. At the time of the inspection on 15/04/2026, the food handler advised he was part way through his food safety supervisor qualification. Demonstration of skills and knowledge in food safety has not yet been achieved since the inspection on 05/02/2026.	
2. Ensure that all potentially hazardous food is stored under temperature control. This means maintaining food at a temperature of 5°C or below or 60°C or above. Standard 3.2.2 CL 6 (2). At the time of the inspection at approximately 10:20am, pies and sausage rolls were on the back bench, and recorded a surface temperature of 18C. Discussion with the food handler indicated that the product was delivered at approximately 6:00am. Based on this, it is assumed the product has been outside of temperature control since 6:00am. It is understood that the product is not placed immediately under temperature control due to broken refrigeration units. However, food that has been outside of temperature control for more than 4 hours is considered unsafe to sell to customers. To ensure the safety and suitability of your food, you must either: • Store potentially hazardous foods (pies, sausage rolls) under temperature control (refrigerated below 5C) at all times; or • Implement the 2/4 hour rule, a process whereby food that has been outside of temperature control (above 5C) for longer than four (4) hours is discarded. You must keep a record to demonstrate the safety and suitability of potentially hazardous food that is not stored under temperature control. The record must be available to an authorised person on request.	Immediately
3. Repair the fraying blinds at the back window. Such surfaces must be able to be easily and effectively cleaned; sealed to prevent the entry of dirt, dust and pests; and not pose a contamination risk to food. Standard 3.2.2. CL 21 (1).	19 May 2026
4. Repair the heat damage to the paint on the wall behind the oven to provide a smooth impervious surface. Standard 3.2.2. CL 21 (1) A heat proof surface or ventilation system may need to be installed behind the oven to prevent further damage.	9 August 2026

Failure to comply with the works prescribed by this Improvement Notice within the time specified, unless you have a reasonable excuse, will constitute the commitment of an offence by you. The maximum penalty upon conviction prescribed for each offence is:

- Failure to comply with section 39(1) - Compliance with the food standards code - 500 penalty units (\$83,450);
- Failure to comply with section 209(7) – Improvement notice - 200 penalty units (\$33,380)

Due to the high-risk and repeat nature of the above non-compliances, the decision has been made to decrease your food safety rating to non-compliant level 1. This will result in a 50% fee surcharge at the time of your next food licence renewal.

Reinspection of the premises will occur after the due dates to check compliance with the above actions.

It is recommended that you review Council's Think Food Safe webpage where you will find resources that can assist you to proactively manage day-to-day food safety.

If you require any further information, please contact Team Leader Environmental Health Officer Megan Staunton on 1300 883 699.

Dated this 21st day of April 2026.

Category B (1) - RTI Act 47(3)(b)

Megan Staunton
Team Leader Environmental Health

Licence Number: 23.1997.649.3

2 hour / 4 hour record

[illegible]

Temperature control

- Maintain potentially hazardous food at a temperature of 5°C or below or 60°C and above. If food is kept between 5°C and 60°C, this temperature must be monitored and recorded.
- Remember when using the 4-hour/2-hour guide, that time periods are cumulative – each time period that food is kept between 5°C and 60°C has to be added up to reach a total time.

Corrective actions

- Potentially hazardous food that has been kept between 5°C and 60°C for less than two hours must be refrigerated or used immediately.
- Potentially hazardous food that has been kept between 5°C and 60°C for longer than two hours but less than four hours must be used immediately.
- Potentially hazardous food that has been kept between 5°C and 60°C for longer than four hours must be thrown out

CHILDERS QLD 4660

Dear Sir/Madam

Food Safety Inspection of Childers Hot Bread and Sandwich Bar, located at 89 Churchill Street CHILDERS QLD 4660

An inspection of your food business was conducted by Council's Environmental Health Officer Pooja Raveendran on 12/11/2025. The purpose of the inspection was to monitor compliance with the Food Act 2006, the Food Safety Standards, and conditions of your food licence.

Bundaberg Regional Council's Environmental Health team would like to acknowledge your continued efforts to maintain your food business in accordance with the *Food Act 2006*, Food Safety Standards, and conditions of your food licence.

At the time of inspection, the following items were noted. Please ensure these items are completed by the listed due dates:

Requisition	Due Date
1. Take all practicable measures to process only safe and suitable food. Standard 3.2.2 CL 7 (1)(a). At the time of the inspection at least 20 bottles of expired milk with use by date 09/11/2025 was found.	28 November 2025
2. Whilst generally the food premises was found to be in a clean condition, at the time of assessment particular attention to cleaning was required in the following areas: (a) wall behind the standing fridges Standard 3.2.2. CL 19 (1) & (2)	05 December 2025
